Keshav (*USA*), Guido Kroemer (*France*), Thomas Langer (*Germany*), NilsGoran Larsson (*Sweden*), Robert N. Lightowlers (*UK*), Michele Lorusso (*Italy*), Frank Madeo (*Austria*), Ute M Moll (*USA*), Julio Montoya (*Spain*), Walter Neupert (*Germany*), Ferdinando Palmieri (*Italy*), Luigi Palmieri (*Italy*), Sergio Papa (*Italy*), Rosario Rizzuto (*Italy*), Luca Scorrano (*Italy*), Constantin Sekeris (*Greece*), Gerald Shadel (*USA*), Bruce M. Spiegelman (*USA*), Vladimir Skulachev (*Russia*), Lee J. Sweetlove (*UK*), Massimo Zeviani (*Italy*), Douglas C Wallace (*USA*)

*All these speakers have already confirmed their participation

Covered areas: Functional mitochondrial genomics
 Mitochondrial dynamics and physiology
 Apoptosis
 Reactive Oxygen Species and Aging
 Mitochondrial Medicine

The meeting is structured in lecture sessions and poster presentations.

In addition to invited speakers, a substantial number of speakers for the lecture sessions will be selected from submitted abstracts.

Interested people are invited to apply for participation. Registered participants in addition to present posters might indicate whether they want to be selected as speakers for scheduled talks.

Registration fee: 300 Euros (20% VAT included)

A 25% discount on registration fees for the FEBS-IUBMB Athens Congress and the Bari Symposium will be applied for those participating to both events.

9.00 -11.00 Lecture Session
11.00-11.30 Coffee Break
11.30-13.30 Lecture Session
14.30-16.00 Poster Session

S. Chan, C.L. Gustafsson, P. Cantatore, LS. Kaguni

Functional mitochondrial genomics II

16.00-19.0 Lecture Session

R.L. Lightowlers, W. Neupert , F. Palmieri, G. Shadel

Tuesday, 24th June

Mitochondrial dynamics and physiology I

9.00 -11.00 Lecture Session
11.00-11.31 Coffee Break
11.30-13.30 Lecture Session
14.30-16.00 Poster Session

R. Rizzuto J. Auwerx, N. Capitanio, M. Duchon,
M.N. Gadaleta, G. Hajnoczky, T. Langer, S. Papa

Mitochondrial dynamics and physiology II

16.00-19.0 Lecture Sessions

M. Brunori, L. Palmieri, C. Sekeris, L.J. Sweetlove

Wednesday , 25th June

Apoptosis

9.00 -11.00 Lecture Session
11.00-11.32 Coffee Break
11.30-13.30 Lecture Session
14.30-16.00 Poster Session

G. Kroemer, F. Madeo, U.M. Moll, M. Lorusso,
A. Gross

Reactive Oxygen Species and Aging

16.30-19.30 Lecture Session

A. Azzi, V. Skulachev, D.C. Wallace

Thursday, 26th June

Mitochondrial Medicine I : Mitochondrial hereditary disorders

9.00 -11.00 Lecture Session
11.00-11.33 Coffee Break
11.30-13.30 Lecture Session
14.30-16.00 Poster Session

S. Di Mauro, J. Houstek, Keshav K Singh,
J. Montoya, L. Scorrano, M. Zeviani, V. Carelli,

Mitochondrial Medicine II :
Mitochondrial dysfunction in chronic disease

F. Beal, P. Huang, N.G. Larsson, P. Bernardi

16.00-19.00 Lecture Session

* Additional speakers will be selected from submitted abstracts
